RESIDENT NOTICE

Date: March 25, 2025

Attention: Baker Drive Resident/Business Owner

Reference: Baker Drive & Cherry Street Sidewalks (Capital Improvement Project Number 2024-10003)

Dear Resident/Business:

Construction for the Baker Drive sidewalks are scheduled to begin the week of Monday, March 31, 2025. The contractor, SAS Concrete Construction LLC, will begin on the south side of the project at Hicks Street & Baker Drive. The work being completed is part of the City of Tomball Capital Improvement Plan – Project Number 2024-10003 – Baker Drive & Cherry Street Sidewalks.

SAS will implement a traffic control plan as needed for concrete pours to ensure the safety of the residents and business owners. Driveways along the project route will be inaccessible when construction work is being completed at the address. The City will ensure that communication is provided prior to the work commencing and will make any adjustments requested to ensure access, if needed.

SAS Concrete Construction LLC is the general contractor for the construction of this project. The City of Tomball will be on-site intermittently to inspect construction operations. The hours of work allowed by the City are from 7:00 a.m. to 6:00 p.m., Monday through Friday. Saturday work requires approval from the City. The project is scheduled to be substantially completed by July 2025.

Your patience and cooperation are greatly appreciated during the construction. Please understand there will be inconveniences during construction, including dust, noise, inaccessible driveways, and temporary road blockages, but the City and SAS Concrete Construction LLC will do everything we can to limit interruptions or inconveniences. If you need assistance during this time or have questions regarding the project, please contact any of our project staff listed below.
