Back to School Transportation Safety Reminders

With Tomball ISD schools back in session this month, it's important to remember to stay alert and use extra caution while driving, especially around school zones, neighborhoods, and bus stops.

When driving near a school bus, remember these tips:

- Follow school buses at a safe distance, keeping in mind that they make frequent stops.
- Yellow flashing lights mean the school bus is preparing to stop. Slow down and be ready to brake.
- Red flashing lights and extended stop arms mean the bus has stopped to pick up or drop off children. **You must stop** and remain stopped until the red lights stop flashing, the stop arm is retracted, and the bus begins moving again. **This applies regardless of which direction you're traveling**, unless the bus is on the opposite side of a divided highway.
- Illegal school bus passing poses a significant threat to children and others on the road. It is unlawful to pass a school bus when the stop arm is extended and red lights are flashing.

Thank you for doing your part to help keep our students safe!
